

Important Points to remember.....

General

- Failing to properly reference equates to plagiarism
- When taking notes, ALWAYS write down the details of your source. This saves you back-tracking later
- Consult a variety of sources
- An 'author' can also be an organization, company or government institution.

Reference List Requirements

- APA requires you to compile a reference list NOT a bibliography
- A reference list includes ONLY those sources used within the body of your assignment
- All entries in your reference list must be in alphabetical order
- *Do not* number or use bullet points to list your entries. Simply leave a line between items
- The first line of each entry is left aligned, and every line there after indented
